

## **Privacy Policy**

This Privacy Policy was last revised on August 29th, 2010.

### **All of us at Team JunoWallet take your privacy seriously.**

Mobile Media Solutions, Inc. ("JunoWallet"), knows that you care how information about you is used and shared. This Privacy Policy explains what information of yours will be collected by JunoWallet when you use the JunoWallet Service, how the information will be used, and how you can control the collection, correction and/or deletion of information. We will not use or share your information with anyone except as described in this Privacy Policy. This Privacy Policy does not apply to information we collect by other means (including offline) or from other sources.

We expect that Users will use JunoWallet for harmless and fun social purposes. Please note, though, that by its nature, your location information is subject to abuse, misuse, and over-monitoring by others including, perhaps, by your friends, family, or acquaintances. Please manage your own mobile and profile privacy preferences on the Service, on an ongoing basis, accordingly.

### **Using the JunoWallet Mobile Service**

In order to use the mobile features of the JunoWallet Service, you must consent to: (a) the use of your phone's location to provide JunoWallet to you, including the display and disclosure of that location information to your JunoWallet friends and within your geo-tagged messages and content; (b) receive text messages; and (c) pay carrier data, messaging, and other fees resulting from JunoWallet usage. Data and messaging (including SMS text messages) plans are required to use the mobile features of the JunoWallet Service. Standard data and messaging charges, fees, and taxes from your carrier apply.

### **Information We Collect**

**User-Provided Information:** You provide us information about yourself, such as your name, e-mail address, mobile phone number and carrier, etc., if you register for a Member account with the Service. When using the Service, you may also provide certain other personal information and content, such as locations and activities, which will be publicly displayed to other Users and on third-party sites and services in accordance with your privacy and opt-in settings. To provide the mobile features of the Service, we derive location information from your wireless carrier, certain third-party service providers, or directly from the mobile device that you used to register with JunoWallet. This location tracking of your mobile device occurs only when the JunoWallet mobile application is actively open and running.

**Location Information:** To provide JunoWallet, we collect, maintain, use, and display your personal data and the geographic location of your mobile device (we call this location fix of your mobile device “location information”).

**Cookies Information:** When you visit JunoWallet.com, we may send one or more cookies - a small text file containing a string of alphanumeric characters - to your computer that uniquely identifies your browser and lets JunoWallet help you log in faster and enhance your navigation through the site. A cookie may also convey anonymous information about how you browse the Service to us. A cookie does not collect personal information about you. JunoWallet uses both session cookies and persistent cookies. A persistent cookie remains on your hard drive after you close your browser. Persistent cookies may be used by your browser on subsequent visits to the site. Persistent cookies can be removed by following your web browser’s directions. A session cookie is temporary and disappears after you close your browser. You can reset your web browser to refuse all cookies or to indicate when a cookie is being sent. However, some features of the Service may not function properly if the ability to accept cookies is disabled.

**Log File Information:** Log file information is automatically reported by your browser each time you access a web page. When you register with or view our site, our servers automatically record certain information that your web browser sends whenever you visit any website. These server logs may include information such as your web request, Internet Protocol (“IP”) address, browser type, referring / exit pages and URLs, number of clicks, domain names, landing pages, pages viewed, and other such information.

**Clear Gifs Information:** When you use the Service, we may employ clear gifs (also known as web beacons) which are used to track the online usage patterns of our users anonymously. No personally identifiable information from your JunoWallet account is collected using these clear gifs. In addition, we may also use clear gifs in HTML-based emails sent to our users to track which emails are opened by recipients. The information is used to enable more accurate reporting, improve the effectiveness of our marketing, and make JunoWallet better for our users.

## **How We Use Your Information**

We use the personal information you submit to operate, maintain, and provide to you the features and functionality of the Service.

Any personal information or content that you voluntarily disclose for posting to the Service (including your location information and User Content) becomes available to the public. JunoWallet is not responsible for the personally identifiable, profile, or location information that you choose to disclose publicly on the Service. If you remove information that you posted to the Service, copies may remain viewable in cached and archived pages of the Service, or if other Users have copied or saved that information. When you have the JunoWallet Software running on your mobile phone, JunoWallet shows your phone's current geo-location to your selected JunoWallet friends, as controlled by your privacy settings.

By providing JunoWallet your email address you consent to our using the email address to send you Service-related notices, including any notices required by law, in lieu of

communication by postal mail. We may also use your email address or mobile phone number to send you other messages, such as newsletters, changes to features of the Service, or special offers. If you do not want to receive such messages, you may opt out or change your preferences in your settings page (click **Edit Profile** on your Passport). Opting out may prevent you from receiving messages regarding updates, improvements, or offers. You may not opt out of Service-related e-mails. If you correspond with us by email, we may retain the content of your email messages and our responses.

If you choose to use our invitation service to invite a friend to the Service, we will ask you for that person's email address and automatically send an email invitation. JunoWallet stores this information to send this email, to register your friend if your invitation is accepted, and to track the success of our invitation service. Your friend may contact us to request that we remove this information from our database at terms [at] JunoWallet.com.

JunoWallet may use certain information about you and/or your User Content without identifying you as an individual to third parties. We do this for purposes such as analyzing how the Service is used, diagnosing service or technical problems, maintaining security, and personalizing content.

JunoWallet reserves the right, but has no obligation, to monitor the User Content you post on the site. We reserve the right to remove any such information or material for any reason or no reason, including without limitation if in our sole opinion such information or material violates, or may violate, any applicable law or our Terms of Use Agreement, or to protect or defend our rights or property or those of any third party. JunoWallet also reserves the right to remove information upon the request of any third party.

We use cookies, clear gifs, and log file information to: (a) remember information so that you will not have to re-enter it during your visit or the next time you visit the site; (b) provide custom, personalized content and information; (c) monitor the effectiveness of our Service; (d) monitor aggregate metrics such as total number of visitors and traffic; (e) diagnose or fix technology problems reported by our users or engineers that are associated with certain IP addresses; and (f) help you efficiently access your information after you sign in.

## **How We Share Your Information**

**Personally Identifiable Information:** JunoWallet may share your personally identifiable information with third parties solely for the purpose of providing services to you only if you opt in at such time in the future that we decide to use this information. If we do this, such third parties' use of your information will be bound by this Privacy Policy. We may store personal information in locations outside the direct control of JunoWallet (for instance, on servers or databases co-located with hosting providers). JunoWallet does not share your personally identifiable information or personally-identifiable location information with other, third-party companies for their commercial or marketing use without your express consent or unless you have opted-in to be part of a specific program or feature. We cannot control third parties' use of your information. If you do not want your information to be collected by or shared with such a third party,

you can choose not to participate in such programs or features. As we develop our business, we may buy or sell assets or business offerings. Customer, email, and visitor information is generally one of the transferred business assets in these types of transactions. We may also transfer such information in the course of corporate divestitures, mergers, or dissolution.

Except as otherwise described in this Privacy Policy, JunoWallet will not disclose personal information to any third party unless required to do so by law or subpoena or if we believe that such action is necessary to (a) conform to the law, comply with legal process served on us or our affiliates, or investigate, prevent, or take action regarding suspected or actual illegal activities; (b) to enforce our **Terms of Use**, take precautions against liability, to investigate and defend ourselves against any third-party claims or allegations, to assist government enforcement agencies, or to protect the security or integrity of our site; and (c) to exercise or protect the rights, property, or personal safety of JunoWallet, our Users or others.

**Non-Personally Identifiable Information:** We may share non-personally identifiable information (such as anonymous usage data, referring/exit pages and URLs, platform types, number of clicks, etc.) with interested third parties to help them understand the usage patterns for certain JunoWallet services.

JunoWallet may allow third-party ad servers or ad networks to serve advertisements on the JunoWallet site. These third-party ad servers or ad networks use technology to send, directly to your browser, the advertisements and links that appear on JunoWallet.

They automatically receive your IP address when this happens. They may also use other technologies (such as cookies, JavaScript, or web beacons) to measure the effectiveness of their advertisements and to personalize the advertising content.

JunoWallet does not provide any personally identifiable information to these third-party ad servers or ad networks without your consent. However, please note that if an advertiser asks JunoWallet to show an advertisement to a certain audience and you respond to that advertisement, the advertiser or ad-server may conclude that you fit the description of the audience they are trying to reach. The JunoWallet Privacy Policy does not apply to, and we cannot control the activities of, third-party advertisers. Please consult the respective privacy policies of such advertisers for more information.

However, please note that this is not a guarantee that such information may not be accessed, disclosed, altered, or destroyed by breach of any of our physical, technical, or managerial safeguards.

To protect your privacy and security, we take reasonable steps (such as requesting a unique password) to verify your identity before granting you access to your account.

information, and for controlling access to your email communications from JunoWallet, at all times.
